

Allergy and Asthma Proceedings Abstract Submission Overview

AAP only accepts abstracts, which are submitted in association with RSL Allergy Society CME meetings. As a part of this process,

- All abstracts must be submitted through the submission page of the journal's website: <http://aap.msubmit.net>
- Abstract corresponding authors will receive E-mail notification of the abstract receipt and status.
- The abstract review committee (program committee) will review all abstracts via the submission site.

Abstract Submission Instructions

1. The abstract must adequately describe the objectives, methods, results and conclusions so that the Abstract Committee may evaluate the quality of the work and proposed presentation.
2. The abstract title should fully reflect the content of the abstract body.
3. A structured abstract format is preferable; that is, all abstracts should contain these sections: Introduction (background information and purpose of the project/study), Methods (study design, techniques), Results (summary of data), and Conclusions
4. The authors must accept sole responsibility for the statements in their submitted abstract.
5. Illustrations and tables are not permitted.
6. Supplementary data are not accepted under any circumstances.
7. Abbreviations may be used in the abstract if such abbreviations are defined at their first mention.
8. The abstract length is limited to 250 words.
9. Abstracts are submitted for poster presentation. Oral presentations are not available.
10. Authors are encouraged, but not required to submit for peer review and publication, any subsequent full length manuscripts which derive from the submitted abstract.
11. A maximum of 5 authors may be specified in the abstract submission process; however, any subsequent full length manuscripts may have more than 5 authors. Corresponding authors for accepted abstracts may request the addition of additional authors to their abstracts by submitting a request to the Managing Editor, Susan Colucci, at susancolucci@oceansidepubl.com.
12. Each abstract submission must specify a corresponding author, to whom all correspondence about the abstract will be directed.
13. All abstracts will be assigned an identification number which should be used for all communications about an abstract.
14. The presenter of each accepted abstract must register for the scientific meeting in the standard fashion see www.easternallergyconference.org.
15. Where ever possible, noncommercial (generic) names must be used in all abstracts and posters. The Editorial staff may request a revised submission of the abstract to enforce compliance with this ACCME requirement.
16. All authors must agree to disclose all non-FDA approved use of FDA approved drugs during the abstract submission process as well as in the actual presentation (oral or poster).

Fees:

Submission for content review (only): \$50. This fee applies to all submitted abstracts, regardless of whether the author is requesting publication.

Submission for publication: \$300 for supported work; \$0 for unsupported work (RSL Allergy Society members). Authors have the option for their abstracts to be published in an upcoming issue of the journal, *Allergy & Asthma Proceedings*. The fee for the publication of supported abstracts is \$300.00. A separate abstract publication order form is available, which should be completed, and faxed (401) 331-0223, or emailed (susancolucci@oceansidepubl.com) to the Editorial office at the time of submission. Of note, because of possible copyright infringements, abstracts which have been submitted for publication elsewhere will not be published in *Allergy & Asthma Proceedings*.
