Our **Online Open Access** option, offered as an author-pays service (see below), specifically for manuscripts which have already been accepted, entails standard review times, but results in **free online full text** e-publication at our IngentaConnect website within 1 to 2 weeks of author approval of final page proofs. Upon e-publication, **Online Open Access** manuscripts are assigned a digital object identifier (DOI) which allows the paper to be immediately citable in the literature. The manuscript (PDF file) is also forwarded to NLM/PubMed. The date of website posting becomes the official publication date, although the paper will appear later in the Journal's print version.

1. Return the **Online Open Access** order form by fax to OceanSide Publications upon reception of a manuscript acceptance letter (fax: 401-331-0223). Orders will not be processed for papers which are still under peer review.
2. Submit the **Online Open Access fee of \$2,500 (plus \$500.00 per page) fee for 24 months of open access**. Processing will not be initiated until OceanSide Publications is in reception of the fee. OceanSide accepts Visa, MasterCard and American Express payments. For immediate processing, simply return this completed order form with your credit card information and signature. Your card will be charged the total amount.
3. Please note that designation of a paper as '**Online Open Access**' does not alter the journal's scientific/medical standard for peer review acceptance. Please note, Open Access is for personal, noncommercial use only. The purchase of open access does not include rights to use (host, post, share, reproduce) the article for commercial purpose. For commercial use please see <http://oceansidepubl.com/permission.htm> OceanSide Publications, Inc. retains all copyrights, including reprints and e-prints.

Please charge my credit card for the total fee of \$2500 plus \$500.00 per page, as noted above: **Total \$** _____
